Docket No. 98-N-1265
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: I have a chronic illness; for the first time in years I have
seen improvement with an injectible medication that my
physician prescribed. This medication is mailed to me by a
compounding pharmacy in Colorado; I live in Michigan.
Your current draft would greatly negatively affect my
health, since this med. is not available from any commercial
pharmaceutical manufacturer. This is ^{just} one of two compounding pharmacies that
I receive meds from.
